EXAMINER'S COMMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Comment on Submissions

1. The Amendment and Remarks filed 22 August 2005 have been entered.
2. Regarding applicant's request that the examiner "fully consider" the information submitted in the IDS, the examiner reiterates that where IDS citations are submitted but not described, the examiner is only responsible for cursorily reviewing the references; and in view of the large number of references submitted, *only* that degree of consideration has been given. If applicant is concerned that there may be some particularly relevant citation that merits a higher degree of consideration than would normally be given to a citation listed in the IDS but not otherwise described, applicant may wish to describe the reference to insure that it has been considered to a level applicant desires.

Allowable Subject Matter

3. Claims 1-53 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 11, 39 and 51 (as amended), the claims are allowed for reasons of record as presented by applicant in the Remarks filed 22 August 2005 (see particularly page 15, section c) with the remaining independent claims being allowed for similar reasons.

The remaining claims are allowed on the basis of their dependency.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
